COMMISSIONER FOR PATENTS

**REQUEST FOR CLARIFICATION OF OFFICE ACTION**

Sir:

Per a 10 October 1002 telephone conversation with the Examiner, this is a request for clarification of the Office Action mailed 22 August 2002 for the above patent application.

The 22 August 2002 Office Action indicates that Claims 1 - 4, 6 - 40, 42, 44, 46, 47, 49 - 52, 54 - 59, 66 - 105, 107 - 145 and 155 - 161 are pending. However, this group of pending claims differs from the claims that should be pending as a result of the 29/30 May 2002 telephonic interview that Applicants' attorney had with the Examiner and the Examiner's supervisor, Steve Saras.

Claims 155 - 161 were added, and Claims 106 and 146 - 154 were canceled, in the 27 March 2002 After-final Amendment which, per the 29/30 May 2002 interview, was not (to be) entered. Instead, the 27 March 2002 Amendment was to be replaced with the 30 May 2002 After-final Amendment in which no claims were added or canceled. Accordingly, the 22 August 2002 Office Action should (a) provide that Claims 1 - 4, 6 - 40, 42, 44, 46, 47, 49 - 52, 54 - 59, and 66 - 154 are pending and (b) not refer to any claims numbered 155 - 161.

Serial No. 09/307,044

In support of Applicants' attorney's belief that the status of the claims should be as indicated above, enclosed is a copy of (a) a note made by Applicants' attorney in connection with the 29 May 2002 portion of the interview and (b) a note made by Applicants' attorney in connection with the 30 May 2002 portion of the interview. Also, the second sentence of the first paragraph on page 3 of the 30 May 2002 amendment<sup>1</sup> states that "In submitting this amendment, Applicants' attorney notes that the 37 CFR 1.116 Amendment submitted 27 March 2002 for this application has not [emphasis added] been entered".

In short, the 22 August 2002 Office Action should be corrected to indicate that Claims 1 - 4, 6 - 40, 42, 44, 46, 47, 49 - 52, 54 - 59, and 66 - 154 are pending. Inasmuch as the 27 March 2002 amendment was not entered, the revisions made in the 27 March 2002 amendment to the claims should be treated as not having occurred. This includes the changes to Claims 66, 98, 104, 107, and 129, the cancellation of Claim 106, and the addition of Claims 155 - 161. Although the revisions requested to Claims 98 and 104 in the 27 March 2002 amendment are the same as those made in the 30 May 2002 amendment, only the revisions made to Claims 98 and 104 in the 30 May 2002 amendment should be entered.

Please telephone applicants' attorney at 408-453-9200, ext. 1371, if there are any questions.

14 Nov 01 Supplemental Amendment was entered.

While Cl. 106 was indicated as being allowable if rewritten in ind. form & while Cl. 66 now constitutes Cl. 106 rewritten in ind. form, Exms want to reconsider whether Cl. 66 should be allowed.

Cl. 155 would be allowed subject to incorporating unpolarized light limitation of Cl. 96 into Cl. 155. No need to expressly incorporate further limitation of Cl. 97 into Cl. 155 since that limitation is necessarily present due to wording of Cl. 155.

Exms want to reconsider Cl. 129 for same reasons as Cl. 66 in light of incorporation of further limits of Cl. 106 into Cl. 129.

Exms Savas did not have time to review Cls. 139, 141, & 144. Interview to be continued at 1 PM (MEX Coast Time) on Thursday, 30 May 2002.

On 30 May T/C interview  
w/ Exmr Uchendu Anyaso &  
his supervisor Steven Savas,  
Exmr Savas informed me that  
Final Rejection would be  
withdrawn & that prosecution  
would be re-opened with a  
further search leading either  
to a Notice of Allowance or a new  
rejection.

Exmr Savas felt that  
rejection of ind. Cl. 66 based  
on Jones et al & Bird et al as given  
in 15 Jan. 02 OA was not  
warranted. Accordingly,  
narrowing of Cl. 66 as presented  
on 27 Mar. 02 amend. was  
unnecessary. Revisions to Cls.

(2)

were still needed to correct minor inconsistencies.

While Q. 155 could still be submitted to place Q. 99 in ind. form, subject to express incorporation of unpolarized light limitation into Q. 155 as agreed upon in 29 May 2002 interview, this would lead to a drawn redundancy & accordingly was inappropriate.

Final result was that 27 Mar 02 amend would remain unentered, & that I would submit an appropriate new amend.
